A Value-Driven Education...

Going Higher

Mesrobian Higher Technical College (MHTC) was founded in 1982 as Mesrobian Technical College (MTC). Since then, generations of skilled students have graduated from the College and entered the world of work, building successful futures for themselves and their families while contributing to the development of their community and country.

Today, a new chapter begins.

With its advancement to Mesrobian Higher Technical College (MHTC), the institution takes its long-standing educational mission to a higher level, expanding its vision while remaining committed to quality technical and vocational education.

MHTC offers high-quality education and up-to-date practical training across its official specializations: Accounting and Computer, Kindergarten, Hospitality Management, and Graphic Design. Its renovated and upgraded Hospitality Lounge provides students with a professional environment for real-life practice, bridging the gap between theoretical learning and the workplace.

Through a well-adapted curriculum, practical training and dedicated teaching, MHTC prepares its students for official examinations and, more importantly, for the professional world beyond the classroom.

Certifications granted by MHTC for private specializations are accredited by the Ministry of Education and Higher Education.

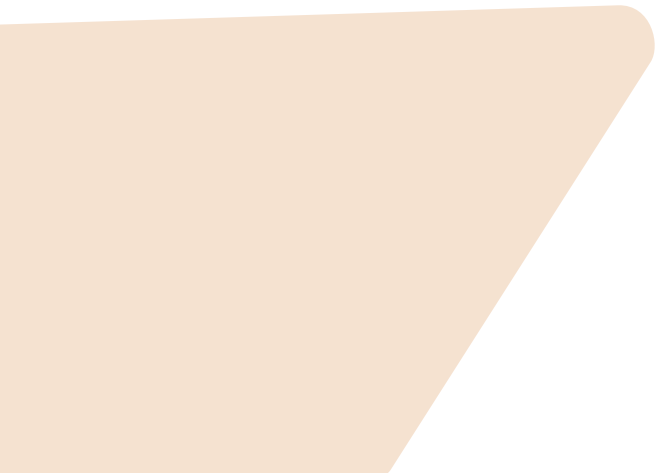

We were MTC. Today, we are MHTC.

The same values. The same commitment.
A higher name. A higher vision. A higher future.

What about YOU?

Haven't you discovered your vocation yet?
Visit us, discover your potential, and make your choice according to your ambitions.

Prerequisites for Registration of new students

- ☐ **An original individual record extract (إخراج قيد) not exceeding a year starting the date of issue.**
 - ☐ **Previous scholastic year grade report**
 - ☐ **Attestation from the previous school, stamped by the government.**
 - ☐ **2 passport photos.**
-
